Arnold N Scale U25C Assembly and Dis-Assembly instructions:
To Dis-Assemble:

1. Remove coupler pocket screws (long) at each end and remove couplers from each end of unit.
2. Gently grasp body shell and lift straight up to uncover mechanism.

To Re-Assemble:

1. Gently grasp body shell and place on mechanism- taking care to line up screw holes.
2. Insert couplers from the ends and line up screw holes – insert longer screws to attach couplers
